NEWS 2023

Matterhorn Alpine Crossing – Connexion Testa Grigia – Klein Matterhorn

A long-cherished vision becomes reality: a connection between Zermatt and the Italian resort of Cervinia, unbroken and operational throughout the year, thanks to the Matterhorn Alpine Crossing. As of 1 July 2023, the Matterhorn Glacier Ride II will be the final piece of the puzzle, as the highest continuous Alpine crossing by cable car is completed. The modern cableway will link the peak Matterhorn Glacier Paradise with Testa Grigia in Italy. Following the opening of the Matterhorn Glacier Ride I in the autumn of 2018, the completion of the Matterhorn Glacier Ride II will see the two resorts joined by a continuous link, the realization of a dream born over 80 years ago. For the teams, the cable car means more comfort and efficiency during summer skiing. The route from the Testa Grigia valley station to the Matterhorn Glacier Paradise mountain station is covered in just four minutes, and the new 3S cable car is significantly more wind-resistant than the previous return via the “Grenzlift”.

RESERVATION

In order to obtain the FIS rates listed above, a list of names including the dates of birth and the active FIS numbers must be sent to pistenreservation@zbag.ch on the official logo paper of the ski association at least 3 working days before the beginning of the training.

The ski pass prices are net and must be paid in cash or by credit card directly at the cash desk.

ANNULATION

There will be no refund on partly used tickets or early departure, unless insurance has been taken with the purchase of the ski pass.

We recommend to all customers purchasing a multiday ticket to take out additional insurance cover. The following options are available to you:

- PassProtect: covers reimbursement of your unused ski pass in the event of illness, accident or unfavourable weather conditions (supplement of CHF 3.00 per day) (*Exception: Check the closure service*)
- SkiCare: covers the same costs as PassProtect, as well as subsidiary costs arising from an accident on the slopes (supplement of CHF 5.00 per day)

It is the customer's responsibility to assert any claims against the insurer.

CLOSURE

In the case that the required cable car systems do not open or must shut down before 10:30, the corresponding day will be refunded. Important: the skipasses may not be used that day at all.

Groups are pleased to bring all passes to the cash desk, so we can make a one-refund. There is no refund on season passes.
